About IINE's Legal Immigration Forms Service (LIFS)

The International Institute of New England (IINE) has been serving refugees and immigrants across New England since 1918. In 2018, we expanded our Legal Immigration Forms Service to offer low-cost, high-quality legal forms practice. Legal services are provided by experienced, credentialed legal staff in: Boston, MA, Lowell, MA, and Manchester, NH.

- A member of our legal services team will schedule an initial meeting with a potential client at one of our offices to determine the best course of action.
- After the initial meeting, if it is determined that IINE can represent a potential client in their immigration case, then the client will be given a list of documents to collect and instructions on making a follow-up appointment with a member of the legal team.
- A legal team member will fully represent each client through their legal matter including preparation for and attendance at USCIS interviews.
- Please note that clients are responsible to provide their own interpreter to be present at the IINE initial consultation, follow-up appointments, and any scheduled USCIS appointments.
- The IINE legal team represents immigrant and refugee clients through the entirety of their particular immigration legal forms process. We work directly with each client, keeping in close contact during every step of their case.
